*"I am pleased that PSSI is represented by our Public Relations Director Michele Mase and our Distributor Eric Forrest of VICTIMS WITHOUT VOICES (VWV) presenting our unique technology at the GSSHSC Conference by introducing our 'ZERO-RADIATION' Passive Portal Walk-Through Weapons Detector at the State of Georgia School Safety Conference. Eric Forrest of VWV and Michele Mase will without any doubt, be a driving force to secure our company's place as a 'Modern' safety and security system," says President Merrill Moses*

## **About DTII and its subsidiary 'Passive Security Scan, Inc' (PSSI).**

Defense Technologies Intl Corp. OTC: DTII – is a security technology company known for their Patented '*Passive Scanning Technology*<sup>™</sup>' (US Patent 7408461) and their '*Passive Portal*<sup>™</sup>', a non-invasive, passive, walk-through advanced body scanner, which detects subtle changes in the Earth's magnetic field caused by the presence of weapons (guns, knives, etc.) that may be concealed by an individual. The Passive Portal produces ZERO-RADIATION and poses no human health risk. For more information please see: <https://www.passiveportal.com/safety>.

The EBT Station, DTII's latest technology, features Elevated Body Temperature and optional mask detection, which scans people's temperature with zero contact and can provide contact tracing of the people scanned. The Passive Portal<sup>™</sup> and the EBT Station are crucial tools in the fight against Terrorism, violent crimes, and infectious disease spread.

### **Forward-Looking Statements**

This news release contains certain statements that may be deemed "forward-looking" statements. Forward looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in forward looking statements. Forward looking statements are based on the beliefs, estimates and opinions of the Company's management on the date the statements are made. Except as required by law, the Company undertakes no obligation to update these forward-looking statements in the event that management's beliefs, estimates or opinions, or other factors, should change.
